Charitable Giving

OP gives a percentage of its profits each year to charities. The firm has a charity committee composed of executives who receive proposals from members of the firm, consider them and make decisions regarding grants and donations.

In the last ten years we have supported a wide range of nearly fifty charities, mostly in the UK and some overseas. These have included:

***Camden Citizen's Advice Bureau** has been helping people in the area since 1939, making it one of the oldest Citizens Advice services in the country, celebrating 80 years of supporting Camden residents in 2019.*

***Rifle Care for Casualties** was initiated in early 2009 to raise funds in order to assist those members of the Rifles Regimental family who were found to be in need. Care for Casualties provides for the severely wounded, their families and the families of our fallen Riflemen.*

***The Royal Marsden Hospital** brings together 2,500 leading cancer experts from across the globe in every type and aspect of cancer to help beat, treat and better understand cancer.*

***St Andrew's Club** is a youth club in Westminster that supports the local community by giving around 700 members each year the chance to thrive and give back to society through our varied youth programmes.*

***Skateistan** runs skateboard parks in Kabul and elsewhere in Afghanistan where children and youth can play, be supported and above all safe.*

***Hospital of Sick Children** in Toronto is Canada's most research-intensive and dedicated hospital to improving children's health. As innovators in complex child health, they improve children's health by integrating care, research and teaching.*
